Coinbase Tutorial

Introduction

- Hello! This is a tutorial on how to receive your earnings. We are currently still working on acquiring a bank account, but we don't want to make you guys wait any longer for your profits. The steps are, firstly you will need to create a Coinbase account and send us your unique wallet address, we will then send you your HNT earnings in USDT (a digital version of the dollar). Once you have received your USDT, you simply exchange it into GBP and withdraw to your bank account. The steps to do this are covered by this PowerPoint. The steps to create your account are simple and Coinbase walks you through it. We have created this tutorial for if you're unsure what to do.
- Remember to pay your taxes, you will be sent an invoice via email to assist you with this.

OLIVA
JOIN THE NETWORK

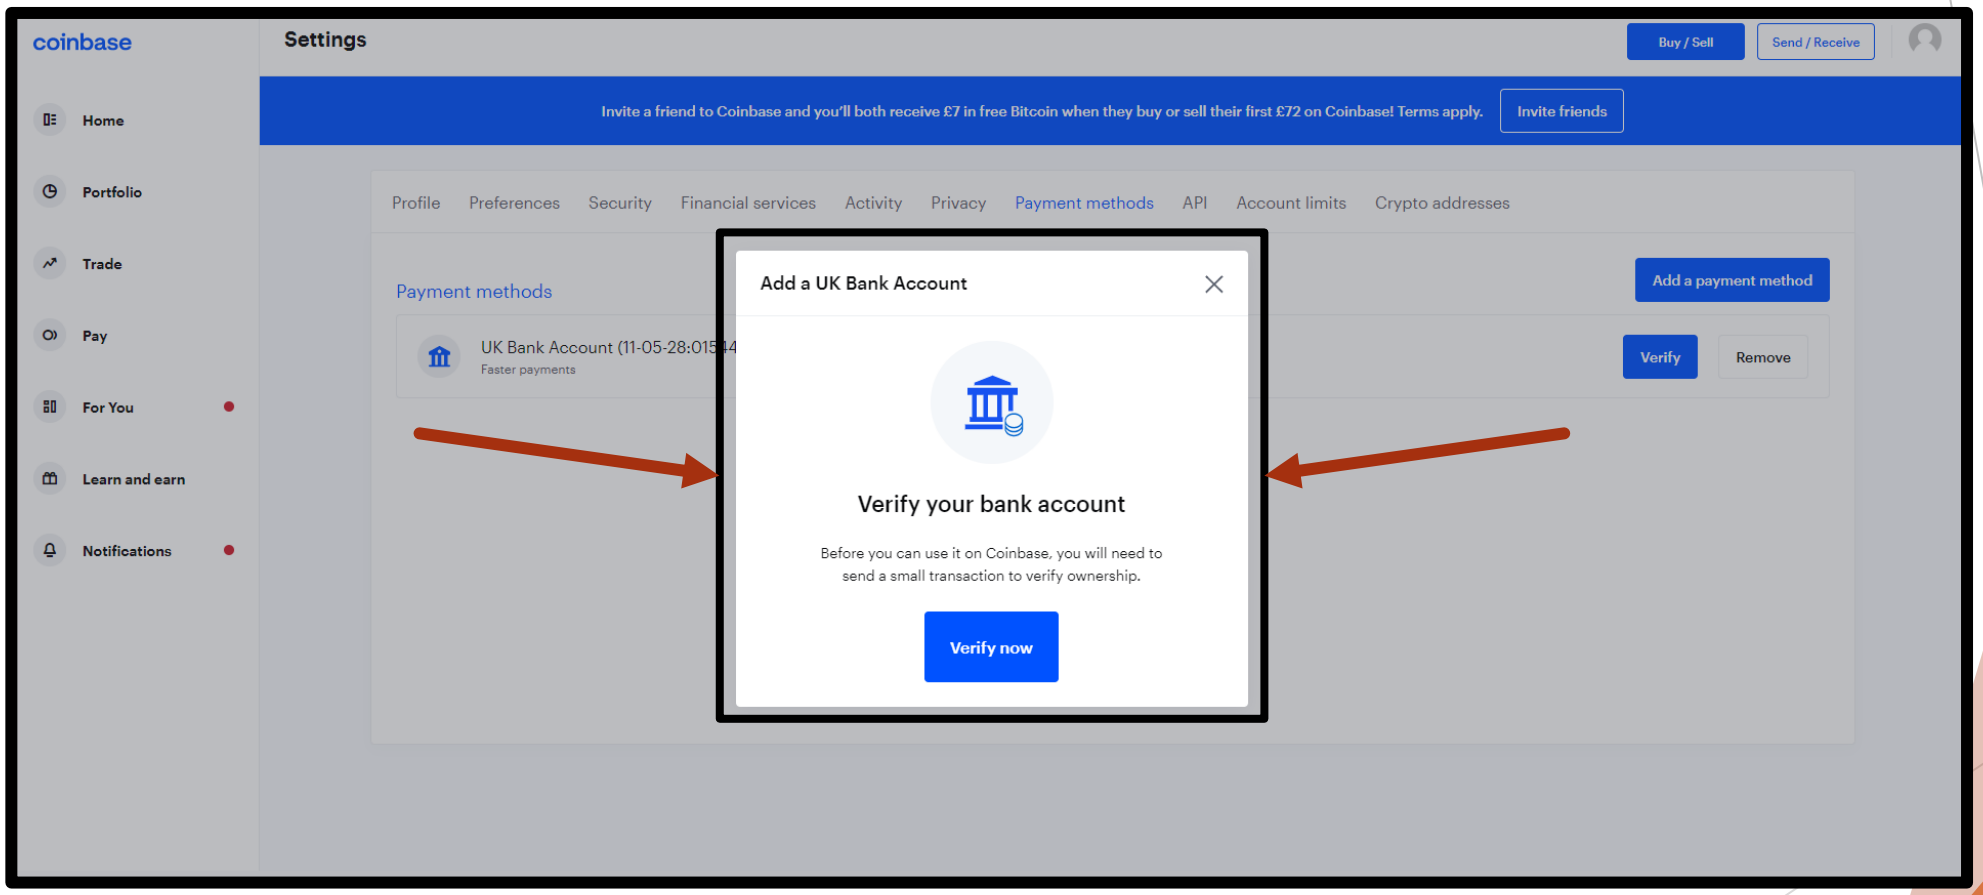
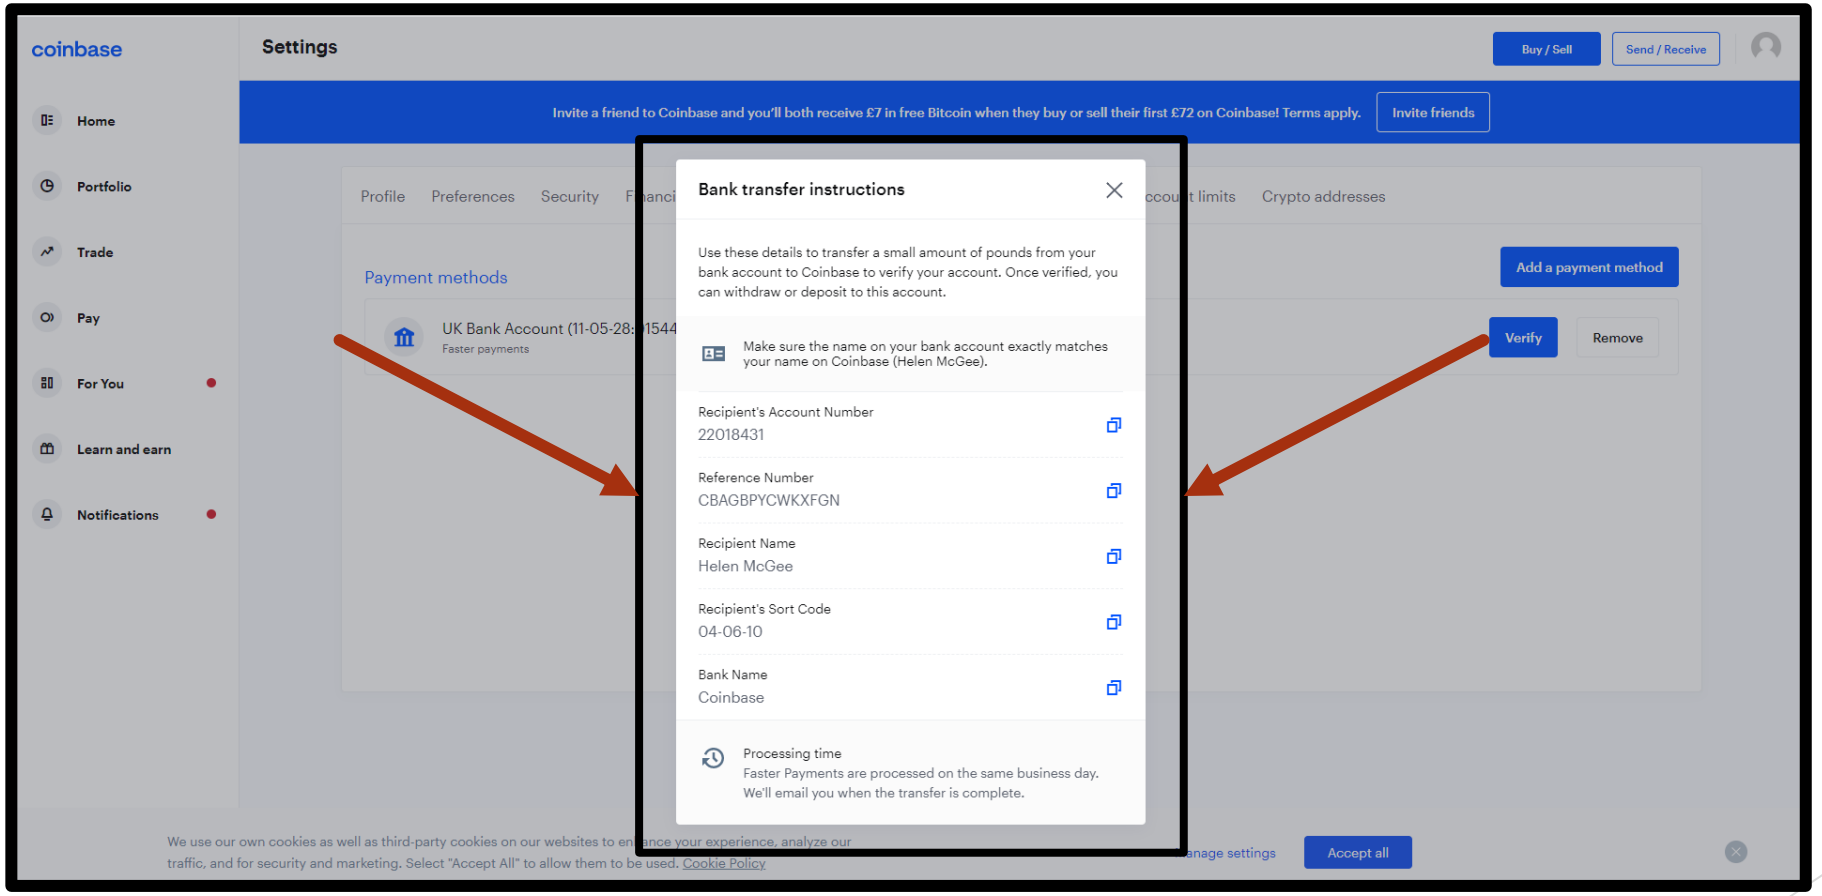
How to Withdraw Your Earnings: Step 7



- Click verify now to verify your bank details

OLIVA
JOIN THE NETWORK

How to Withdraw Your Earnings: Step 8



- Follow these instructions and send Coinbase £1 from the bank account you are linking to your Coinbase – Coinbase will send you this £1 back

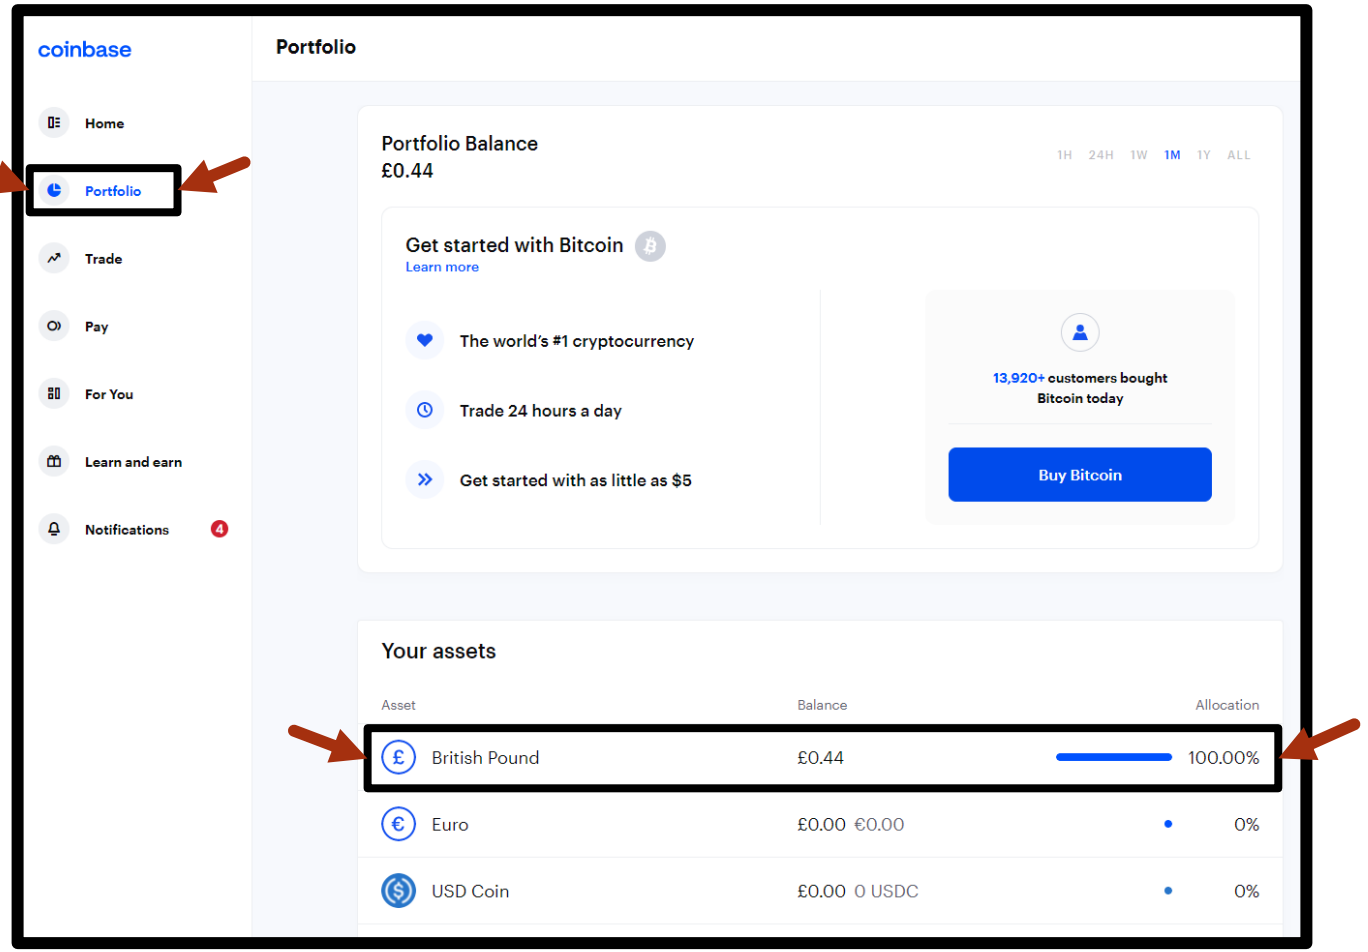
LIVA
JOIN THE NETWORK

How to Withdraw your Earnings: Step 9

- There can sometimes be issues with Coinbase processing your bank account. If this is the case then we recommend you link a payapal account instead, if you don't have a paypal account, they are free, so we recommend you create one.

OLIVA
JOIN THE NETWORK

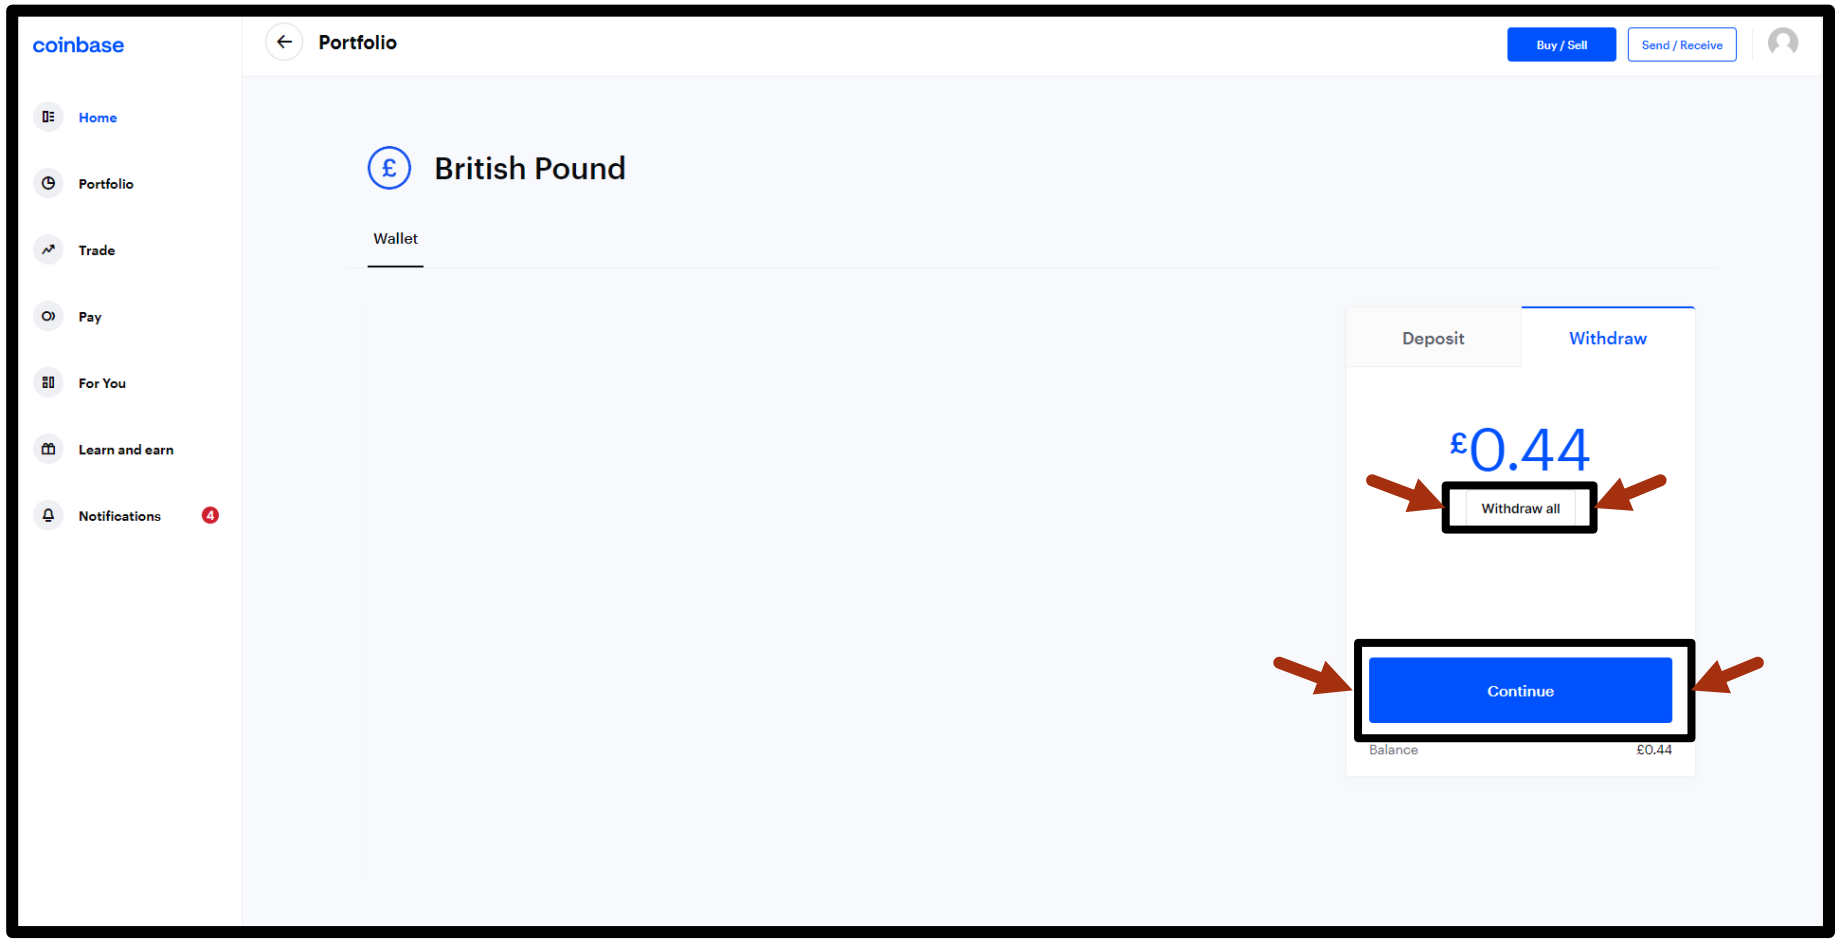
How to Withdraw Your Earnings: Step 10



- Now your bank account is setup you can withdraw your earnings – firstly head back to your portfolio and click on your GBP

LIVA
JOIN THE NETWORK

How to Withdraw Your Earnings: Step 11



- Once in your portfolio select withdraw all and click continue

LIVA
JOIN THE NETWORK

How to Withdraw Your Earnings: Step 12

- Then click your preferred method of withdrawal, either bank transfer which is instant and free or via credit/debit card which has a fee associated with it – then click continue.
- We also recommend linking your PayPal account too.

LIVA
